

about Women in Sustainability & Energy

a program series by the Building Energy Exchange

Women in Sustainability & Energy (WISE), created by Building Energy Exchange in 2015, is a lecture series and networking forum showcasing women leaders in the energy industry. This initiative promotes year-round dialogue and provides an opportunity for emerging professionals to learn from industry leaders, share ideas, and advance equality in the workplace.

WISE has been received with overwhelming support, and we look forward to WISE 2022, which will feature informal networking opportunities, virtual media clubs, a keynote event, and our annual WISE Holiday Party.

February 8, 2019. 50+ people enjoy a WISE networking luncheon.

impact: WISE in numbers

In six years of WISE programming, we have:

- held 40+ panels, keynote programs, networking events, and media clubs;
- featured 50+ women leaders;
- welcomed 1,750+ attendees at WISE events.

BE-Ex is building on this momentum with bi-monthly media clubs to help our community connect on a more regular basis and more robust mentorship and networking opportunities designed support the growth of professionals in the sustainability and energy industries.

WISE 2022 sponsorship opportunities

WISE sponsors play a key role in supporting BE-Ex's effort to expand the network of female leaders and to engage diverse communities in conversations about energy efficiency solutions. Your contribution ensures that WISE can continue to deliver high-quality, effective programming.

BE-Ex is seeking Series Sponsors at \$5,000/year and Program Sponsors at \$2,500/year.

Sponsorship Benefits	Series Sponsors (\$5,000)	Program Sponsors (\$2,500)
logo included on WISE collateral material, such as our website and program brochures	yes	yes
opportunity to join the BE-Ex Industry Leadership Council (ILC)*	yes	yes
opportunity to give introductory remarks at a WISE event	yes	—
opportunity to be featured in a dedicated mailer to BE-Ex's entire community	yes	—

*ILC members are nominated by BE-Ex supporting organizations. This community of leaders benefits from exclusive knowledge sharing events and provides strategic and technical guidance on BE-Ex programs and activities.

WISE 2022 programming

WISE Media Club

These bi-monthly conversation oriented communal gatherings will cover podcasts, videos, and articles that touch on climate action, the built environment, and new challenges and opportunities created by the COVID pandemic.

WISE AMA (Ask Me Anything)

We will host at least two 1-on-1 conversations between a BE-Ex staff member and an executive level woman professional in the energy or sustainability sector. We welcome our sponsors help brainstorming and recruiting guests.

Informal Networking Opportunities

In addition to a WISE holiday party and WISE trivia nights, we will be reaching out to our community to better understand their mentorship needs.
